EDUCATION

B.E. (IT)

Government Engineering College

08/2017 - 08/2021

Gandhinagar

WORK EXPERIENCE

Intern

Innovsense Technologies

09/2023 - Present

Ahmedabad

Enhanced my Python & Django skills, Hands on experience of Git

Achievements/Tasks

- Mastered Django's core concepts, including models, views, templates, and the **ORM system**, forming a solid foundation for **Django-powered web development**.
- Designed and implemented a feature-rich **web application** using Django **Rest Framework**, incorporating authentication functionalities, for discovering vegetarian restaurants, hotels, and dharmashalas, demonstrating expertise in full-stack development and user **authentication**.
- Applied advanced Django skills to seamlessly design and integrate relational databases, emphasizing efficient data storage and retrieval with **MySQL** integration
- Designed and implemented **RESTful APIs** with Django **REST Framework**, facilitating seamless communication between front-end and back-end components and optimizing data exchange with MySQL databases
- Implemented secure user **authentication** and **authorization** mechanisms using **JWT**, enhancing web application security while ensuring a seamless user experience.

Contact : Anurag Jain - 9375951299

PERSONAL PROJECTS

Car-Mela

Developed a **Django-based** car sales back end, incorporating JWT and robust authentication for enhanced security and functionality

To-Do list

Executed Two different **Django-based And React-based** To-Do List project , showcasing practical application and implementation skills

Shopping cart (Using React)

Developed a one-page shopping cart application using **React** for streamlined user-friendly online shopping experience

SKILLS

Python

Django

Restful API

Git - GitHub

JavaScript

React

HTML

CSS

MySQL

STRENGTH

- Strong problem-solving and analysis abilities.
- Quick adaptability to new technologies and tools.
- Consistently meets deadlines with a proven track record.
